

WOOD TO COMMAND ARMY OF CADETS

Thousands of Boys Will Be Assembled at Methodist Mission Celebration in June.

At the centenary celebration of the Methodist mission, which will be held June 30 to July 13, at Columbus, Ohio. One of the special features of the celebration will be the new organization of cadets, who will act as ushers, guards and guides.

Major General Leonard Wood has agreed to serve as honorary colonel of the regiment of over 1,000 boys who will be recruited from every state in the union, and to review the regiment after it is mobilized at Columbus next June.

This rare opportunity to enlist in a strictly military organization under the popular general will be open to boys in all parts of the country. The following are the requirements: Candidates must be from 16 to 19 years of age. Their height in stocking feet may be only 5 feet 6 inches, but it must not be over 5 feet 11 inches. Each applicant must present a medical certificate from his physician stating that he is in good physical condition and no one will be admitted to the ranks who has not had sufficient military training to adjust himself to company drill. No boy will be admitted to the regiment who has not completed at least one

year of high school or its equivalent. Members of the regiment will receive free all living expenses in clothing, food, or barracks accommodation, mess, laundry and the like. Candidates will be required however to defray their traveling expenses from their homes to Columbus and the cost of the uniform, which will be reasonable.

SAFE ROBBERS OPERATE IN THE DREW BUILDING

The Drew building at Third and Union was the scene of a daring safe-breaking job early Sunday morning. The safe in the office of A. E. Ross, Sabine oil company, 488 Robinson, and Robert Lockwood, at the second floor, were broken open but did not contain anything of value.

The police, who have been working on the case, have not yet determined or confirmed the report that in one of the other offices of the building there were found the amount of \$1,000 were taken from a safe.

NEW EMPRESS SHOW DELIGHTS ALL

Capacity Houses Enjoy Big Vaudeville Treat in New Bill.

Of course Swor & Avey, the big blackface comedians, are the most amusing act on the excellent new vaudeville bill at the Empress and keep the audiences laughing every minute they are working, but the delightful and most pleasing part of the program is dainty little Jean Sothorn, the well known moving picture star. If you imagine Miss Sothorn is drawing a big salary and "getting by" in vaudeville on her reputation in the movies, you are mistaken. Very badly mistaken, for this charming little girl is about the cutest and sweetest little personality that has visited Tulsa and she is a genuine vaudeville artist from her dainty feet to her beautiful golden curls. Her songs are new and original and she throws them over with the vivaciousness and grace of the very best artists. She convinces you that if she doesn't want to ever go back before the camera she can stay in big-time vaudeville as long as she likes, for she's only 19, you know.

Miss Sothorn wears some beautiful gowns and costumes in her various numbers throughout with a refinement of taste that marks a real artistic temperament. Her child song, "I'm a Naughty Baby," is exquisitely given, as are all her numbers. Her father, who seems to be quite a violinist—a white-haired, but young-looking man—works with Miss Sothorn from the orchestra, directing the score of her songs.

Everybody who sees Jean Sothorn will adore her. She is altogether lovable, wholly unaffected, and a fine little artist.

Swor & Avey, opening with a slow curtain with their silent poker game, repeat the success they scored on their first visit to Tulsa last fall. It is sufficient to say this is one of the standard big, thorough blackface teams of vaudeville and they furnish nearly a half hour of continuous laughs.

The Song and Dance Revue reveals a very clever dancer in the leading woman, Kathryn McConnell, some very pretty girls and an unusual number of special curtains. The act moves with commendable swiftness and holds them in to the finish.

The sketch, revolving about two old veterans of the civil war, one a union and one a confederate soldier, has a pathetic, dramatic ending that evokes real applause, something Tulsa vaudeville goes rarely give sketches and the Newmans, cyclists and boxers and are unusually good opening act. Adv.
